unlikely Condition and wanting to know on whom the responsibility of maintaining the said grant was vested: the Residency proceedings, to which the Deman and civil Engineer are parties, practically solve the Supoti question.

3 In para 2 of the Proceedings, it is stated that out of the Memorial Fund only a sum of Rs. 897 is remaining unspent and the Supdt. is anxious to draw the required amount from the Imperial Bank; it is not clear whether the Supdt. should draw only the interest; the amount available is however not enough.

Sir,

With reference to G.O. 2389/PP 24-21-322 dated 8th ultimo, publishing the programmed of the visit of His Royal Highness the Prince of Wales, I have the honour to state that on arrival, the Prince passes the King's Statue while driving from the King's Road to Cubbon Road on his route to the Residency. The road round the King's Statue and the surrounding grounds are in a very neglected condition. Logically the area should form part of the Cubbon park as it must form essentially on undivided part of the Statue Garden and the public judges it to be so and probably blame the Garden -- Department for the neglected condition. Actually however, practica -ly the whole area is within the Cantonment boundary and responsibi lity for the laying out and the maintenance of the garden and the - care of the Statue should evolve on the Contonment authorities.

An estimate for laying out the garden was however, sanctioned by Government in their No. G. 18806/7251 G.M. 161-19-2 dated 16th February 1920 but this item of work was not sanctioned in the estimate sent with this office No. 639 dated 17-9-21 as there is no information in this office whether any understanding has been come to by the King Edward Memorial Committee and the Mysore Government as to the future charge of the area i.e. the responsibility for the laying out and maintaining the Garden and Statue, I solicit ---

It is stated in the Proceedings referred to above that a sum of Rs. 8977/- would be invested in 5% Bonds and that the Agent, Imperial Bank of India was requested to make payments to the Supdt. G.G. on application.

The interest accruing on the said sum of Rs. 8977/- will amount to about Rs. 457- and will be just sufficient to meet the Contingent charges such as gravel, Sand, &c.

It is ascertained that ~~a watchman on Rs. 10/- per mensem~~ a gardener on Rs. 11/- p.m. is quite necessary for the proper maintenance of the Statue. The Govt. of U.P. consider that this amount should be Contributed by the C.H.H. Station Municipality. I am accordingly to request you to use your good offices with the C.H.H. Station Municipality and arrange for a sum of Rs. 132/- being placed at the disposal of the Supdt. G.G. each year for this purpose.

Subject:-- Maintenance of King Edward's Statue Garden.

Sir,

With reference to your letter No. D.13188/GG 88-26-7 dated 18th June 1928, I have the honour to state that the estimate submitted in this office No.695/E.1 dated 1st October 1927 for the maintenance of King Edward Statue was for Rs.297/- (Rs.300/- in round figures) per annum, out of which a sum of Rs.44-13-7 (or Rs.45/-) was forth-coming in the shape of interest accured on the Tax Free bonds amounting to -- Rs.897/- in the Imperial Bank. It was proposed that the balance of - Rs.252/- should be obtained from the C & M Station Municipality. The sum of Rs.66/- agreed to be paid by the Municipality now is quite inadequate. I am, however, prepared to arrange for the maintenance of the garden with this sum of Rs.66/- offered to-gether with the sum of Rs.45 - being the interest on the bond. This will however pertain - solely to the up keep of the garden around the Statue and no responsibility can be undertaken by the Department for the safe-guarding of the Statue itself.

I have the honour to be,
Sir,
Your most obedient servant,

Director of Horticulture.
